# **TOWN OF LOGY BAY-MIDDLE COVE-OUTER COVE DEVELOPMENT REGULATIONS AMENDMENT No. 19, 2012**

## **BACKGROUND**

The Town of Logy Bay-Middle Cove-Outer Cove proposes to implement Development Regulations Amendment No. 19, 2012. Development Regulations Amendment No. 1, 2006, re-defined the Development Standards in the Residential Low Density Land Use Zone Table. The new standards listed the maximum building height at 8 metres.

The Town is receiving Development Applications for a higher end residential development with two (2) storey residents with a high roof structure. These proposed residential dwellings exceed the maximum height requirements for this zone.

The purpose of this amendment is to change the maximum height of the Residential Low Density Land Use Zone Table from the maximum building height at 8 metres to a maximum building height at 11 metres.

### **St. John's Urban Region Regional Plan**

There are no implications to the St. John's Urban Region Regional Plan.

## **PUBLIC CONSULTATION**

During the preparation of this amendment, Council undertook the following initiative so that individuals and groups could provide input to the proposed Development Regulations Amendment. The Town Council of Logy Bay-Middle Cove-Outer Cove published a notice in *The Telegram* newspaper on November 3, 2012 advertising the proposed amendment seeking comments or representations from the public. The Town Council placed the proposed amendment on display at the Town Council Office from November 5, to November 9, 2012, for residents to view and to provide any comments or concerns in writing to the Council concerning the proposed amendment. No comments or objections were received within the time stipulated in the notice.
