Public Notice

Proposed Roundabout
Snow’s Lane and Logy Bay Road

The Town Council of Logy Bay-Middle Cove-Outer Cove has employed the services of Harbourside Transportation Consultants to undertake a Transportation Study for the Town. One of the priority areas proposed by the consultants is improvements to the Snow’s Lane and Logy Bay Road intersection. The consultants have recommended that the preferred option to improve traffic movement and increase safety at this intersection is the development of a roundabout. A copy of the location map and concept plan for the roundabout is on the reverse.

Council is currently considering this option, but before making a formal decision on the roundabout, Council is seeking public feedback. Anyone who wishes to make comment on this proposal is requested to provide the comments in writing and hand deliver the comments to the Town Hall at 744 Logy Bay Road or email the comments to office@lbmcoc.ca by 12:00 noon, Tuesday, November 13, 2018.

For further information, contact the Town Hall at 726-7930 or email at office@lbmcoc.ca.

Please see reverse side for Location Map and Conceptual Plan.
